SUMARY

Front-end developer with proven technical, organizational and communication skills, working with Agile and designing software solutions. Offering strong Vue skills and experience working with Rest Api and more.

WORK EXPERIENCE

Front-end developer

Pixfy

Dec 2020 - May 2021, Jacaré, SP

- I worked as a front-end developer for company projects.
- I was in charge of developing and solving problems like form validation, upload and download screens and routes.
- I worked using versioning control with Git and GitHub.
- I've been using tools like VueJs, SASS, Docker and other technologies.

Intern

Parque Tecnológico Itaipu - Brasil

Jan 2020 - Nowadays, Foz do Iguaçu, Brasil

- I have developed and architected front-end application using Vue.js, Javascript, html, Scss and other technologies.
- I developed Rest API in python using Django framework and MySQL database.
- I worked using best practices like Agile, Clean Code and versioning control with git.
- I trained an artificial intelligence using YOLO (you only look once) technique to recognize animals and automate inventories in a zoo.
- Setup NVIDIA cards (Jetson Nano and Jetson Xavier) for AI training.

Scholarship holder

Parque Tecnológico Itaipu - Brasil

Oct 2019 - Sep 2019, Foz do Iguaçu, Brasil

- Study and Implementation of Internet of Things (IoT) in coffee makers.
- Development of an automation system in C++.

PROJECTS

Volunteer

Parque Tecnológico Itaipu - Brasil • Jul 2019 - Oct 2019

- PCB (Printed Circuit Board) development assistance.
- Projects assistance.
- Sensor testing in C++.

SKILLS

Modern Javascript frameworks (Vue, React), Agile (SCRUM), HTML, CSS and SCSS, Git, REST API, AI training (YOLO technique)

EDUCATION

Graduating in Electrical Engineering

State University of Western Paraná • Foz do iguaçu, PR

English

Fisk • Foz do iguaçu, PR • 2015
